

## CREDIT MEN AT FESTIVE BOARD

Conclude Annual Meeting With Banquet at Commercial Club.

### NEW OFFICERS ELECTED

UTAH ASSOCIATION JOINS THE NATIONAL ORGANIZATION.

After concluding a business session yesterday afternoon, in which Arthur Parsons was elected president, the members of the Utah Association of Credit Men relaxed at a banquet last night at the Commercial club. The organization is now affiliated with the national organization and will immediately start the work of getting its association down to a better working basis.

The subject of insurance was an important question, and it was the sense of the meeting that retail merchants should be influenced to carry sufficient insurance to protect themselves against loss by fire. Illustrations of neglect in this connection were cited to show that every retailer should realize that it is to his advantage to carry as much insurance as possible.

### Wholesalers and Jobbers.

The Utah Association of Credit Men is made up of the leading wholesalers and jobbers of the state. The future of the state in a business way was discussed and the members of the organization were a unit in the belief that Utah is entering upon a long period of business prosperity. In his report the retiring president, O. H. Hewitt, had the following to say about the conditions for the last year. He said:

### Report of President.

"During the fiscal year ending April 29, 1906, the Utah Association of Credit Men has handled sixty-two assignments, an increase over the last year of thirty-three. Of this number thirty-eight were in Utah, twenty in Idaho, two in Wyoming and two in Nevada. The total liabilities amounted to \$250,000. On these claims which have been assigned, the association has paid ninety-two dividends, eighty-three of which were paid on assignments averaged 56 per cent on the dividends, and on the bankruptcy cases 14 per cent. One reason for the small percentage which has been realized on the bankruptcy claims is the heavy expenses attached to the bankruptcy proceedings. A comparison of the percentage of claims paid will show a great saving to creditors when the accounts are assigned directly to the association. The total cash received from different sources was \$147,871.77 and a comparison of these figures with those of the preceding year will show a nice increase of \$33,240.70. The total amount expended for dividends, expenses, etc., was \$12,547.40, leaving a balance of \$135,123.77 on hand.

### Number of Trade Reports.

"In addition to the immense amount of work involved in the handling of so large a number of assignments, the association has furnished on an average 275 trade reports per month or about 3,300 during the year. 290 inquiries per month or about 3,600 during the year have been attended to, and during the past three months 400 property statements have been sent out to merchants and 375 replies have been received up to the present time, and more are coming in every day.

"One of the most gratifying features of the past year has been the confidence shown in our association by eastern people; business men of the east have unhesitatingly turned over their claims to us for adjustment, and our adjustment bureau has been so successful, and so well conducted, that several of the larger credit associations in the United States have patterned their adjustment bureaus after ours.

"One of the highest compliments that could be given any association was paid us by the president of the National Association of Credit Men when he said that our association had paid a higher percentage on the claims assigned to it.

## BIG BATTLESHIP IS HARD AGROUND

New Jersey Meets With Disaster While Entering Chesapeake Bay.

Norfolk, Va., May 5.—The battleship Rhode Island stranded off Yorks Spit in Chesapeake bay. The vessel passed in the capes early this morning from the Boston navy yard and was en route to Yorktown, Va. The big ship was just entering the mouth of the York river when she struck nose first on a sandbar and from last reports received here, she is still hard ground.

### Asked for Aid.

The ship notified the wireless station here of her position and asked for aid. The tugs Uncas, Hercules and Mohawk were rushed to her assistance and have been standing by the ship since early this afternoon. The Uncas had just arrived from the southern drill grounds. She is attached to the Atlantic fleet and is considered the most powerful tugboat in the service of the government. The Hercules and Mohawk are attached to this yard and are also powerful boats. The efforts of the tugs to float the big ship have so far, according to the last report received, have been unavailing. Officials thought that with the aid of tugs the ship would be floated at high tide.

### Cause Is Unknown.

No one is able to place the responsibility for the stranding of the battleship. There was no fog or storm on the bay this morning, and officials are unable to account for the accident. She attempted to enter the York river bay before daybreak and was out of the channel. In the event of the successful floating of the ship she will be brought here to determine the amount of damage sustained. The Rhode Island was placed in commission April 17 last.

### Election of Officers.

Following are the officers and directors elected for the ensuing year: President, Arthur Parsons; vice-president, Leon Sweet; secretary, J. W. Delano; treasurer, A. D. McMullin. The board of directors is composed of the officers already named and the following: Willard Soweroff, P. L. Doran, Samuel Witz and J. H. Smiles.

The toastmaster at the banquet was C. N. Strevel. Addresses were as follows: Assets and Liabilities, Mathonibah Thomas; "Overdrafts," H. P. Clark; "Our Bankrupt Laws," Charles Baldwin; "Future Business," George T. Odell; "Salesmanship," Edward Rosenbaum; "The Merchant and the Banker," Their Relationship," Arthur Parsons; "The Press," F. W. Gardner.

## UNDERCURRENT OF REVOLUTION

Papers Seized by Paris Police Show the Existence of Deep-Laid Plot.

Paris, May 5.—Papers seized by the police during the recent domiciliary searches, it is claimed, show a subscription of \$140 to the funds of the confederation of labor for the apparent purpose of stimulating the revolutionary movement and also a document directing the Bonapartist leaders to assemble at the strike center when the agitation had reached its height.

Interior Minister Clemenceau attaches serious importance to the seizure of the papers as disclosing the designs of the Bonapartists and monarchists to utilize the strikes for political ends.

### Monks Expelled From Paris.

Many monks have been expelled from Paris, six of them going to London and others are expected to attempt to board the trans-Atlantic steamships sailing today.

The Gil Blas today gave prominence to a letter from an unnamed Russian student claiming that the forest of Vincennes bombs were not meant for Paris, but were intended to be used at the opening of the Russian parliament, May 10.

A bomb was found today on the steps of a church in the suburb of Colombes. M. Sokoloff who was wounded by the explosion of a bomb in the forest of Vincennes last Thursday, declared today to a magistrate that he was a former pupil of the school of mines at Warsaw, where he participated in an insurrection and fled to Berlin and thence came to Paris. He only knew that there was a strike in Paris on the day of the explosion, and he did not know that he and M. Strigs, a fellow student in the Paris school of mines, who was killed by the explosion, were carrying bombs.

An investigation shows the existence of plots to throw bombs at several high Russian personages who are now in France. Grand Duke Boris has arrived here to inspect the Russian convalescent homes which were wounded during the war.

The striking laborers have issued a notice that the contractors must grant them an eight hour day either willingly or by force.

## THE ASSESSED VALUATION IS GREATLY INCREASED

County Assessor D. M. Brown Raises Salt Lake County Property by \$2,743,538 Over What It Was in 1905.

The assessed valuation of Salt Lake county for 1906 has been increased by County Assessor D. M. Brown over that of 1905 by \$2,743,538. Mr. Brown completed his assessment yesterday, and turned the books over to the county treasurer, who will notify each taxpayer in the county of his personal assessment prior to the meeting of the board on June 4. Following is a comparative statement of the assessment for this year and last year:

	1905	1906	Increase	Decrease
Real estate	\$20,828,164	\$21,328,382	\$ 500,218	
Patented mining claims	62,840	62,310	530	
Building and improvements	13,519,377	14,240,924	721,547	
Horses	264,000	270,645	6,645	
Cattle	145,400	133,983	11,417	
Net proceeds of mines	1,102,312	1,088,282	14,030	
Merchandise	4,133,975	4,362,900	228,925	
Machinery, tools and implements	1,889,736	1,889,881	145	
Solvent claims	2,628,244	2,467,257	160,987	
Money	176,091	250,628	74,537	
Personal property not otherwise listed	3,219,552	3,229,320	9,768	
Totals	\$47,898,247	\$50,641,785	\$ 2,743,538	

This assessment is exclusive of the assessments of railroad, telegraph and telephone property, express companies, etc., which are assessed by the state board of equalization.

## AMUSEMENTS

The seating capacity of the tabernacle runs up into several thousands and the two concerts rendered by the Roney boys merited packed houses. Not more than 250 persons attended the afternoon concert, but those few certainly got their 50 cents worth. The audience which greeted the clever little fellows in the evening was more encouraging. In writing a criticism of the Roney boys' concert one is tempted to resort to hyperbole and search for his school time list of adjectives. To say the Roney boys are wonderful is putting it mildly. Percy and Paul Ballard, the two nightingales from Ohio, Harry Schultz of Texas, Bernice Ampsper, the 13-year-old basso from Chicago and Tracy Holbrook, the violin virtuoso par excellence, constitute a most entertaining concert troupe, not a unique personnel. The boys sing the most difficult and intricate songs with an ease seldom seen in older vocalists; they sing the old familiar folk-lore melodies with a sweetness and expression impossible in matured voices and they sing national marches with a vim and spirit that makes the American heart beat triple-time with flooding patriotism.

The phenomenal quartette sang "The Gondolier," "For Jesus' Sake," "Under the Stars," "The Night Has a Thousand Eyes" and "Sleigh Bells" among other melodies. Henry B. Roney, pianist, and Tracy Holbrook, violinist, were accompanists. The boys appear in the type costumes typical of the country and people whose songs they render. Among the solos rendered "Just for Today," by little Bernice Ampsper, the famous "choir boy," and "Savior, Hear Me," by Harry Schultz, probably were most pleasing. Tracy Holbrook's spirited violin rendition of the "Gypsies' Dance" and other selections were executed with a daintiness and showing ability bordering on inspiration. In his rendition of familiar songs, he drew all the sweetness and feeling from his instrument and filled the tabernacle with music sublime. The programmes were revelations to those who were fortunate enough to have secured seats. When the Roney boys make their next visit to Salt Lake they will be greeted with the audiences their cleverness merits and that means that they deserve to have the largest auditorium in the city packed for the company is one of the finest concert companies on the road.

"The New Century Girls" give a mighty good show. They opened yesterday afternoon at the Lyric and the first performance wouldn't be over now if the performers had given all the encore the audience seemed to want. The opening number is a pocket size musical comedy, "The Taking Mr. Raffles." There is some plot to it and the music and humor are first rate. The girls are good to look at, too, and the dressing is in good taste. The audience numbers are the best that have been seen at the Lyric for some weeks. The stars of this feature of the bill are Burton and Hurton, musical artists, and Bowen and Lina, comedy acrobats. The programme concludes with a one-act satire, "In South Dakota."

"The New Century Girls" will hold forth at the Lyric until next Friday night. It was announced yesterday that "Fighting Dick" Hyland would spar four rounds at the Tuesday and Wednesday evening performances. His opponent will be "Kid" Broad.

The comic opera "Dorothy" will be presented at the Orpheum tomorrow night. The best local talent, including a number of well-known artists, will appear in this presentation.

Mrs. Lizzie Thomas Edward, whose rendition of "The Song of the Lark" has made her a local favorite, assumes the title role. Samuel Winters' fine tenor voice will be heard and M. J. Thomas is the leading basso. The chorus of fifty voices is both sweet and strong. The presentation is said to be a very creditable one and reserves a crowded house. They appear for the one night only.

Z. C. M. L. Saltair, Friday, May 11.

### NEW PASTOR HERE TODAY.

Rev. S. A. Hayworth, the new pastor of the East Side Baptist church, will preach his first sermon there at 11 o'clock.

Rev. S. A. Hayworth.

this morning, Mr. Hayworth comes from Fargo, N. D., and his wife will join him soon. He succeeds Rev. R. S. Walker, who is now in Long Beach, Cal.

### CASES IN BANKRUPTCY.

Two cases in bankruptcy were adjudicated yesterday in the federal district court. Nicholas K. Kras, a saloonkeeper, declared his liabilities were \$50, with no assets. Allie A. Barker, a teamster, was involved in an amount of \$28.99.

James Blake, Riverton; James M. Flaherty, B. H. Schettler, O. J. Buner, Frank Beckstead, E. S. Olson and Henry Jackson of Sandy were discharged as bankrupts.

### PARK CITY HAPPENINGS.

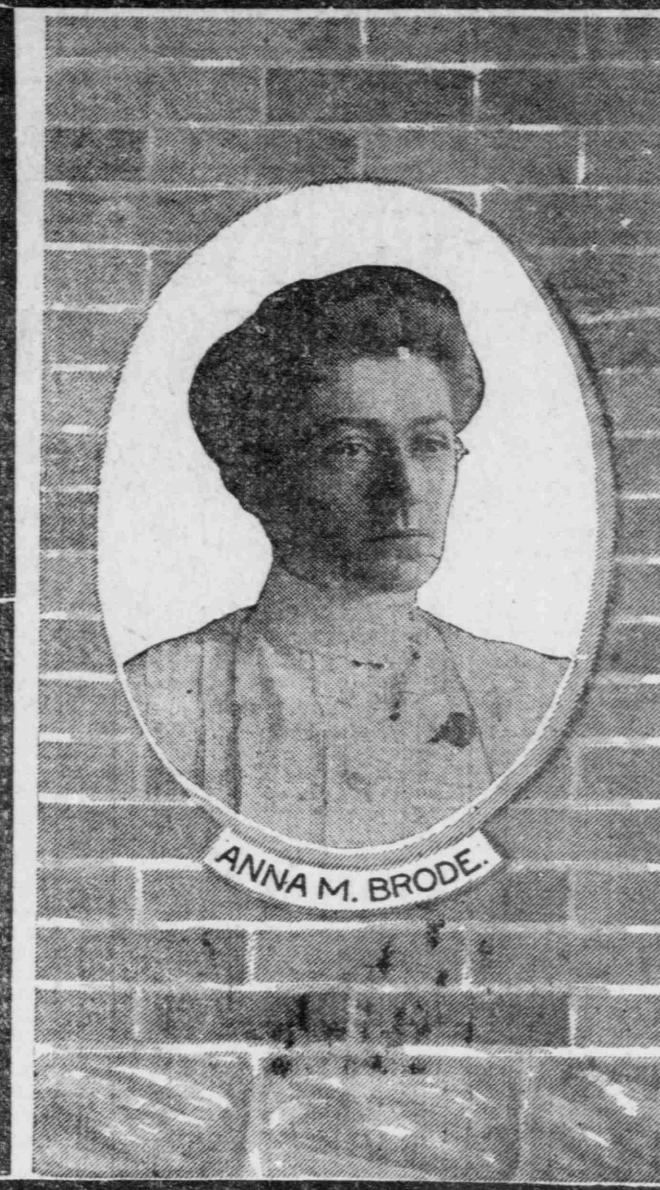

Park City, May 5.—The funeral of Patrick H. Macheral, who died in the Park City Miners' hospital of pneumonia some days ago, will be held this afternoon from 2 to 4 o'clock at the Catholic church. A brother of the deceased came here from Butte for the funeral.

The members of the sophomore class at the Park City High school are entertaining the teachers of the High school and their class today at a picnic given at the City park.

The directors of the Miners' hospital are making extensive improvements in the grounds of their institution. An expert landscape gardener has been secured, and under his hand the grounds of the institution are being put in first-class shape.

The sprinkler was put to work on the streets today. Some days ago a contract was awarded to Than Gibson to do the work and he had been at it for some time.

The Daily-West has a number of men at work on Silver creek clearing the same out, with a view of preventing the flooding of streets and roads about here in the portion of the city and county through which the stream flows.

Uses and Recommends

# Newbro's Herpicide

To Whom It May Concern.

Port Chester, N. Y.  
"About three years ago I was troubled with my hair falling out at an alarming rate.  
"A friend of mine induced me to try a bottle of Newbro's Herpicide, which I did, and it did me so much good that I have used it ever since. I can gladly say it has made my hair grow very thick and stored it from falling out. It certainly has no equal and I gladly recommend it."  
(Signed) ANNA M. BRODE.

### A Doctor's Report.

Denver, Colo.  
"Knowing the composition of Herpicide, I can state that it contains nothing injurious. In twenty-five per cent of the cases of baldness, a neglected dandruff can be considered as its immediate exciting cause or associated condition. Your Herpicide will, in the vast majority of cases, cure and prevent the continuation of dandruff. It is an elegant and ideal hair dressing."  
(Signed) V. T. McGILLICUDDY, M. D., Medical Inspector Mutual Life Ins. Co., of N. Y.

More men and women get actual results from the use of HERPICIDE than from all other hair remedies combined.

## POLICY OF NEW MINISTRY

Russian Government Promises to Not Interfere With the National Assembly.

St. Petersburg, May 5.—The Associated Press is enabled to give tonight the policy of the new ministry on the important Agrarian question.

The government will not attempt to dictate to or even direct the parliamentary majority. Instead it will propose the formation of a parliamentary commission upon which the responsibility of elaborating an Agrarian project will fall. This is virtually equivalent to accepting the decision of the Constitutional Democrats. Furthermore the government will offer no objection to the institution of universal suffrage. As a matter of fact the parliament will be permitted to act freely as long as it does not assault the fundamental laws of the Russian state. The emperor may, however, interpose in threatened impeachments by the victorious majority of government officials. The exact composition of the new Gomyrkin ministry has not been finally decided upon, but the appointments of Izvolsky, foreign minister; Stishinsky, minister of agriculture and Ruckloff, trade and industry, may be regarded as certain. Kauffman may supplant Galitzin as minister of instruction, and changes in the ministry of finance and the post of procurator are probable.
